

SIGNATURE PANEL MONOCHROME RIBBON

Technical data & Specification

Thanks to the White Signature Panel ribbon, you can print on your cards a blank rectangular area. In this way your customers can affix their signature. This feature can be required in several applications such as loyalty, leisure, education, healthcare and banking market.

General Specification

- **Type:** Special Monochrome ribbon
- **Description:** Signature Panel
- **Features:** This ribbon enables to apply a rectangular area on the cards where customers can sign for security and legality reasons or record information such as expiration or client data. It is composed by a specially formulated ink, designed to accept various dry or wet inks from writing instruments. This ink is very resistant and allows an excellent adhesion and a long lifespan on PVC cards.
- **Storage Information:** It is recommended that this product is used within one year. Avoid dust, direct sunlight, high humidity and high temperatures. Do not place near solvent or other chemicals.

Compatibility and printing capacity

- **P/N RCT021XXX:** Up to 1000 prints per roll.

XXX: The part number may vary according to your region.

Advantages

The Signature Panel monochrome ribbon is an economical security feature, easy to add to your cards
