Redefining What It Truly
Means To Be Mobile

ROTATING HAND STRAP with Kick Stand and Stylus Holder

Features & Benefits

This rotating hand strap is designed to make using the device easier and more convenient to carry. The hand strap is adjustable to fit the majority of hand sizes and can be rotated 360 degrees to find the ideal viewing angle while on-the-go. It also includes a built-in kickstand that allows for handsfree usage on flat surfaces, providing on-the-job flexibility.
An integrated stylus holder allows for easy access to the stylus and helps keep it from being lost or misplaced.

SHOULDER STRAP

Features & Benefits

Featuring soft air-mesh padding, this 2-point shoulder strap provides a quick and comfortable handsfree carrying option for the ZX70. The sturdy strap attaches to the corners of the tablet and is adjustable to fit most body sizes for both cross-body and shoulder carry. This not only keeps the tablet readily available by your side but also helps in avoiding accidental drops as you perform your daily responsibilities.

GETAC OFFICE DOCK

Features & Benefits

The Getac office dock brings out multiple I/O ports for connecting essential peripheral devices in the office environment. Through the integrated ethernet, HDMI, or USB connections, users can quickly collect and synchronize field data with central offices for real-time reporting and analytics.

Integrated pogo connectors enable convenient charging on contact and make it easy to remove the tablet with one hand while the dock stays put.

GETAC VEHICLE DOCK

Features & Benefits

The Getac vehicle dock replicates the ports on the ZX70 for more data collection and communication capabilities. It allows it to withstand shock and vibration associated with vehicles constantly on-the-go. The dock is also available with a dual RF pass-through to the roof-mounted antenna, providing faster and more reliable speeds for data delivery in real-time.
