

ACCESSORIES

1
YEAR
WARRANTY

The shoulder strap keeps your device within easy reach while maintaining freedom of movement, so you avoid dropping and losing your device.

Positioned on your chest, you can use the Push-to-Talk (Walkie-Talkie) functionality of your device. This gives you quick & easy access to the microphone and speakers, making it easy to talk to your team on a regular basis.

You can also easily attach and remove your device from the shoulder strap. You can scan or input data and charge your device quickly.
