3:2 aspect ratio increases productivity Panasonic has seen a shift from end-users in the 2-in-1 detachable tablet market, who are looking for bigger screens to increase productivity in the field. When combining superior Intel® processing power with the performance of Windows 11 Pro, the 33mk4 comes into its own for users needing to run demanding applications on a 12-inch screen. The functionality of these applications is becoming increasingly complicated, necessitating larger screens for increased clarity by QHD resolution and ease of use.
