

M1-215KD-AA3

21.5" Android Stainless Steel Touch Computer

MACH

Description

The Mach M1-215KD-AA3 21.5" Android Stainless Steel touch computer is a high-performance, versatile, touch computer that combines commercial-grade robustness with a stainless-steel enclosure. This built for purpose computing platform features MediaTek's latest powerful processor, the Genio 700 (MT8390). The Mach M1-215KD-AA3 is equipped with a bright 21.5", full HD, 8-bit, LED panel. It features a projected capacitive, 10-point touch sensor and advanced optical bonding with an etched anti-glare surface. This technology increases clarity and viewing angle, while simultaneously reducing distracting reflections and fingerprints. The result is the hardened enclosure you want, the superior performance you need and the versatility for kitchen systems and industrial applications.
